PROM 1987

It was a night to always remember, you, your date and an evening filled with love. Prom has always been a special night with dinner and dancing in a formal setting. This was truly a special night aboard the HMS Queen Mary.

The evening started with a stroll above deck to see the sights of the city of Long Beach. The theme for the evening was "Somewhere Out There" from An American Tail. It seemed so appropriate for we were somewhere out there. Before dinner there was the crowning of the Queen. This was something new and different! The evening was enjoyed by all. The new idea of allowing the Queen to reign for the entire evening is much better than allowing her to reign for about a half hour.

The music set the mood for dancing all night and dancing all night is what was done. The soft setting with its romantic elements all in place gave the evening that feeling never drifting away from us.

Fresh air, liberty and freedom education comes to most at end of finals. Seniors have special events that help them to see the light. Graduation and Baccalaureate help to make an ending look like a beginning. This year the new bishop of the San Pedro region Carl Fisher came to officiate at the Mass and was the Archbishop's representative at the ceremony of certificates. Seniors look now to the future. The future is new frightful event but we see the seniors as an accomplishment to Pius' success.

Our second annual walk/jog-a-thon has come and past. It has left us fulfilling our goals with enjoyable memories that will last. You didn't have to jog around the track: you could also walk. While some listened to their favorite tunes, others would talk to their friends. For those who participated had a real good time. Not only were people on the track, but also in the party line. The purpose of this event was to raise money for our school. We sold Candy, pizza and soft drinks to keep our participants cool. This energetic experience for what its worth was held on October 21st.

It has opened our eyes and made us see that we have come closer together in Pius community. There was a special thanks and appreciation to those who gave it their all by showing determination.

HALLOWEEN

How can one describe the events of October 30? It was a lot of laughs with enthusiasm to reach into the next day. The day was filled with pleasant memories of clowns, jokers, Freddie, and a California Raisin.

This year's ASB put on the lunchtime activities. There were plenty of activities to fill the extended lunch break of Friday, there was a class pumpkin carving, bubble gum blowing contest with the usual costume categories. Many of us wonder why we do these things. Well, folks, it's to have fun.

Halloween is the time of year when we all want to be children again. The witches, ghouls, and ghosts that prowl the earth looking for a safe haven found Pius in a truly enjoyable state. The party here lasted until the wee hours of Sunday and All Saints Day. If you missed the events, you'll have to wait for next year.

Homecoming is defined as the 1987 Homecoming. This special event started out rather early within the year. During the summer, suggestions were made and followed through, so to bring the very best to the Student Body.

On October 15, Denise Rivera, the Senior Class President, along with a committee made up of A.S.B. officers arranged the first Night Rally in 12 years. The students as well as parents and teachers came out to show their spirit. Mr. Lamprecht, who is the main voice for the Warriors, was there to get everyone involved in the games. To give the crowd some entertainment that night a variety of games were played by volunteers from each class, also the "1987 Warrior Cheerleaders," "The 1987 Touch of Class Squad," and the "Original Class of 90 Posse Girls." Mr. Murphy and Mr. Jansen helped with the wonderful display of the bon-fire which was the climax of the rally. During the bon-fire, everyone present was able to view the burning of the star, from Mary Star of the Sea, where every star should be. The Night Rally may have ended but the enthusiasm only grew greater for the Homecming Game.

Before the game there was an introduction of the Senior Football Players and their parents. At half-time, the presentation began with each of the princesses being driven around in a variety of convertible cars, which gave the crowd an opportunity to view each girl. Thereafter came the moment that we all waited for, the crowning of the queen. Isela Vazquez was crowned the 1987 Homecoming Queen.

JUNIOR RING CEREMONY

Honor between a students and their school is widely shown and remembered when one looks at a class ring. The Junior Class of 1989 took much pride in receiving their class rings at the Junior Ring Ceremony which took place November 20th, 1987. Our principal Father Milbauer blessed the ring with a smile and Jason Frierson, ASB President, and Denise Rivera, Senior Class President, helped to distribute the rings, to the awaiting Juniors as well as their parents. The presentation which the ASB presented to the Juniors as a gift was and always will be cherished.

The student council along with Mrs. Mahany made the O'Connor Gym look like a ceremonial Hall. The senior escorts Michael Burnett, Greg Leon, Jeff Mahany, and Ralph Hamilton did a great job at assisting the Juniors up & down the pl form. Everyone who was involved in Junior Ring Ceremony made it a memo ble one.

To give & receive a ring brings one cl er to the school, it helps unite the class one and brings the students closer to o another. The togetherness which PIUS has taught us is shown in the sharing who we are as members of the communi

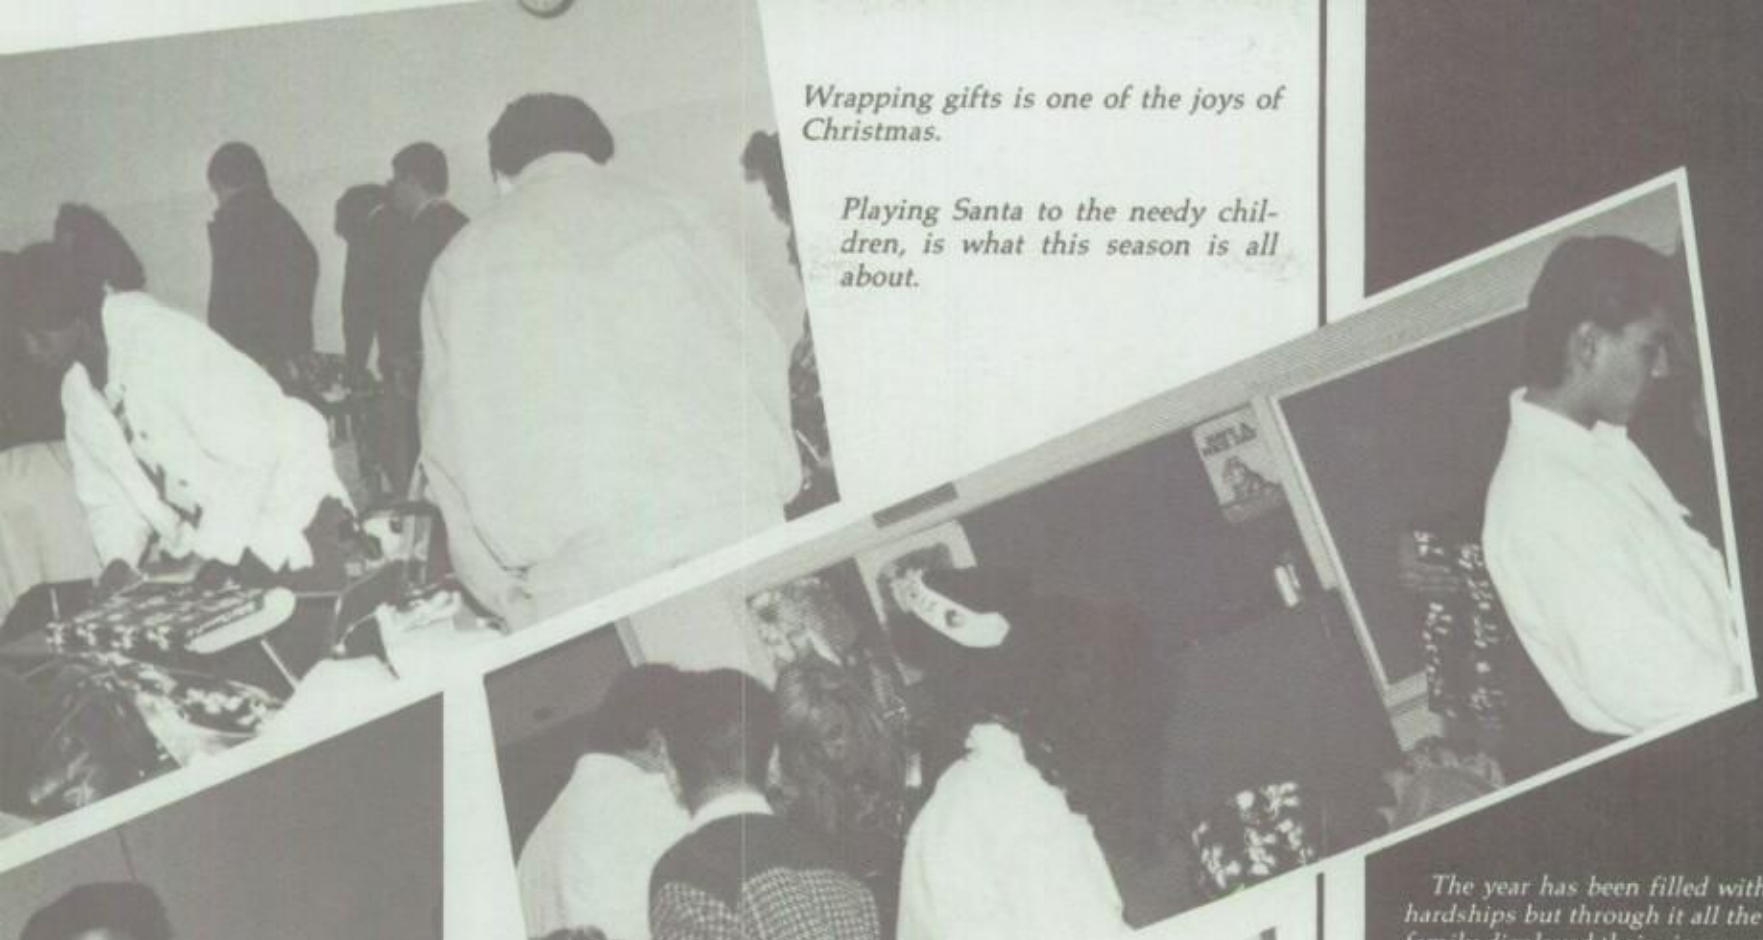
Playing Santa to the needy children, is what this season is all about.



The year has been filled with many hardships but through it all the Pius X family displayed their sincere generosity to those who are in need.

We came together during Thanksgiving and Christmas to celebrate the euchairst and to give to those in need. We were able to bring so much more to the needy parishes of our community. We were able to bring hope to those who perhaps would not have had a Thanksgiving and/or a Christmas.

During Thanksgiving, we the student body, contributed many canned goods as well as a generous amount of money, which was then used to purchase turkeys to make up food baskets. Most people would have thought this to be enough but not here at Pius, we heard the cries of our fellow brothers and sisters. During Christmas we extented our help and dedication to raise money for toys for those who would

We were quite successful in our efforts, under the direction of Ms. Dever and Fr. Campion the Care Drives brought many of the lonely and needy much of what they needed.

The celebration of the Masses after each drive brought home the true meaning of what it means to "Love your fellow man".

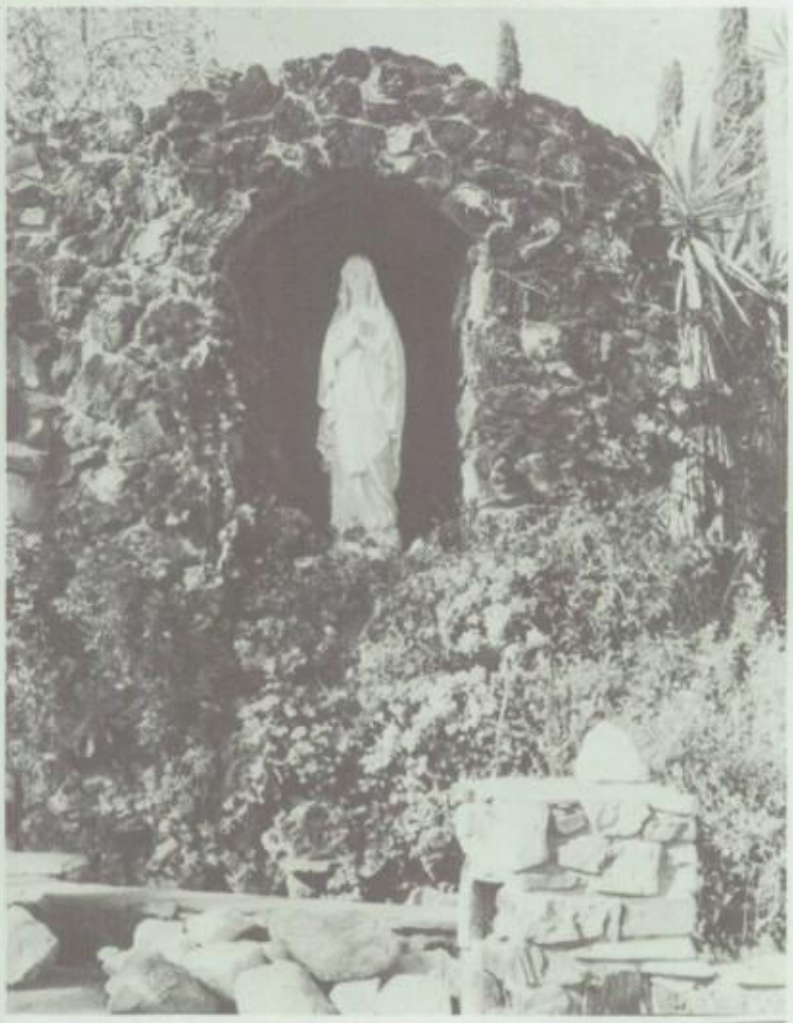
RETREATS

Freshmen during their retreat did a group poster with the theme.



"Gee, I can't wait to get to the retreat!"

With a new campus minister, Mr. Cuthbertson there have been some changes to the retreat programs. The freshman and sophomore each have a program that are set for their needs.

The freshman retreat is set for each of the freshman religion classes so that they can begin to understand what is the sharing of one's faith. Each class under Mr. Cuthbertson takes time to read the scripture and share in the interpretation of the meaning. "What is God trying to tell us. Is it different than what he first came to tell us?" These retreats are held on campus.

The sophomore retreat not every student gets to go. The retreat is held off campus at St. Joseph's retreat center in Rosemead. There is only a small number of students that participate in this experience. This is because of limited space at the retreat center and the cost. Here it's the students sharing what they themselves feel.

Each of these programs are set to help us understand what our faith is, and how we can grow to be better people, to love and serve the Lord.

HISPANIC & BLACK HISTORY

Dunk that ball!

In the last month of '87 and the beginning of '88 three of the most important events were held here at Pius X.

The first event that took place was the Hispanic week which featured many different aspects. Such as during lunch time all students had the chance to have a taste to listen to different hispanic songs signifying their culture. Before the week was ended a mass which was offered to Our Lady of Guadalupe was held, which was said in both Spanish and English. Officiated by Father Campion.

The next event that was held was the drug prevention week where students had guest speakers from certain associations who talked about the importance in not taking drugs and the effects of drugs. Two speakers talked about their experience when they experimented with the drugs. A rally took place at the end of the week encouraging students to "Just Say No To Drugs." The last event that was held was the Black-American week where for many black history week had been a great experience that helped celebrate their achievements by using their own talents. Black history week honored many different black heroes like Martin Luther King. During the week many events took place such as a film and a mass celebrated with the new bishop, Bishop Fisher. As one member who took part in this event said, "Martin Luther King's dream has just become a reality we must keep the dream alive."

Teams come and go but last year's baseball and track teams will not be that easily forgotten. These two teams showed the power of positive thought can create a team with guts.

The baseball team under the supervision of Coach Carr became more of an organized team. Coach made sure that the other teams in the Angelus League could not underestimate this power house that would await them at Pius.

The track team showed their sweet magic again! The 1987 team again went to the CIF Finals and placed. The boys 4x4 relay team of Luke, Burnett, Kemp and Frierson showed there is speed in Pius. The girls team of 4x4 relay of P. Hall, Patterson, Bracey, and Green can keep doing it and doing it with no problems!

Well CIF, here we come again, the undefeated, into 1988, watch out for we are here to stay!!!

'87 SOFTBALL/GOLF

Many of us wonder why? Always looking toward some answer. We need to find a place of existence and the spring sports program is the same way. This year's teams were young even though there was an old favorite.

The girls' softball team is the power and speed of the spring program. The girls never lose their patience in their desire to win. The 1987 team was young and showed great improvement in their development.

Why golf, everyone asks? Golf is a sport of extreme precision with a great amount of accuracy. Not everyone can play this sport. You have to want to play. This team started with 10 players and end with 3 who finished the season. With this sport one needs patience and a desire to develop your skill. It is not a glory sport but it is a sport that can give peace of mind in its enjoyment.

BOYS' SUMMER LEAGUE

Unlike summer vacation for most of us, there is a sector of students who work through the summer to prepare for the fall, they are the athletes of Pius X work diligently through their summer vacation to prepare for their opening seasons. When most of us are relaxing in the sun our football and basketball teams are getting ready for battle.

Coach Bruner and his staff train the football players for the oncoming fall with what are called passing games. These games are set for speciality players to practice passing plays, timing, and accuracy. At the same time they defend against a pass.

Summer games for basket allows new players to become accustomed to the program. It allows for Coach Murphy to look at what he has to work with; whether to move players up or down. He ends his summer seasons with a tournament in Las Vegas.

Summer vacation is a time for fun in the sun, but there are those Warriors who the summer is work not play. These Warriors work hard for us, the school populace so that we may enjoy and support their endeavors.

Summer is no vacation for our volleyball and basketball Lady Warriors. Their endurance and motivation leads them to countless victories in the Gahr and Cerritos summer league.

Participation in these games is an essential element in forming a winning, competitive team. Cooperation and organization are also important factors in the preparation of our Ladies for their next opposing obstacle. Without these elements our team could not be the best they are now.

The pride and joy brought to us all by the Lady Warriors is evidence that cooperating in these is not only beneficial, but also a great personal accomplishment for each one of the Ladies.

First games are always the roughest but here we go!

Tony Thomas making the tackle against Verbum Dei.

Porrata and Burnett, what a dual!

Greg Leon making the hard drive for 10 yards and a first down.

Drieslein using what he learned in practice and putting it to good use.

After a season that could be remembered as endless, having the starting Quarterback's ankle crushed, having to resize the team, Coach Bruner came out the winner. This team of valiant warriors showed just what they are made of.

This team not only proved to themselves but to others that the Pius X Warrior Football Team was back in action and on track. They finished with a 6-4 record, the best Pius has done in six years. This record was not easily received by our valiant warriors. In the first game of the season, the starting QB Hollinquest received an injury that had him out for the full season. The team had to recaliberate. Jeff Oliva came in as the starting QB, he was supported by some outstanding backs and linemen. In the back field were Greg Leon and Daniel Drieslein, two of the hardest hitters in the league, these two fullbacks help give us our sweet victory over Serra. By surrendering to us five of their players with injuries, Serra became ours and we had an upset. Jason Frierson, running back, pressed a head even though he was being continuely assaulted by each of the team we fought. The Defensive line was a power. The power that was enough to hold back any offensive assault. These gentlemen fought to keep us alive, guys like first year rookie John Finau, Yuri Navas, Javier Palomo drove home their po.ver and skill. This was all that was needed to take advantage of the situation.

This team has had its downside and we have seen its upside. This is the Fifth time Pius has made the CIF Playoff in Football in the history of our school. The last time we went, Coach Bruner was an assistant coach. Now, he is the Head Varsity Coach of the New Pius X Warriors! It is a sweet victorious year for all of us who have supported our players during the lean years but we are, BACK MAKE NO MISTAKE!!!

Now, that's what's called a Tackle!

To be competitive, each player on a team must be willing to play for the school and not just for selfish reasons to be considered a star. Stars only shine for a brief floodering moment but the team will always last. These Lady Warriors worked to bring a competitive stride to this year's volleyball season. We had proved to ourselves and others we were competitors in the race for the CIF Playoffs, but with injuries and illness problems started to arise toward the end of the season.

Many of the girls on the team work hard through the summer and their off season. There is a large amount of desire in many of the girls to bring home to Pius a first place win. The Lady Warriors who have worked for four years to being this most competitive and sensitive team to fold are: Raquel Glenn, first team All Angelus League Player, Julie Davis, who has been the team setter since her freshman year, Monica Mendoza, and Debbie Aranda. Many times we look for the rainbow with the pot of gold; these girls have shown that they are that "Pot of Gold at the End of the Rainbow".

We look for the following year with great anticipation as we see this year fade into a memory but always there will be that competitive spirit in the girls volleyball team to keep alive. It will be there like a dilettante Warrior waiting for the next combat trial. There was lots of drama and excitement. To the 1987 Varsity Volleyball Team, we the students here say, Thank you for a terrific season.

Cross Country is the most rugged form of running in our school sports. It takes great amounts of training and determination. Mr. Vitale, coach and trainer, makes sure that his runners are physically and emotionally fit to take the pressure of the certain courses given to them. Although the runners compete as individuals, their pride and desire unite in winning honors for our school. The pride and desire the girls have held has carried them to CIF for the second year. They now stand 3rd in the league. The boys on the other hand did not make it to the CIF Prelims this year. But, they do have one exceptional runner. A senior Edgar Aranda. He stands 8th in the league. Cross Country team keep up the good work and don't let any one get in your way!!!

VARSITY BOYS' BASKETBALL

Basketball: one looks at it as a sport of dribbling a ball down the court and laying up a basket to score. The game is much more than that. The game is one of challenge and combat. The 1987-88 Varsity boys' Basketball gives each game excitement with the way they move the ball up and down the court.

It is always much more difficult to recapture a crown. This team has shown they are up for the challenge. The greatest challenge is that there are only two returning players to the Varsity level. This team is young in experience but are learning fast what it takes to win. They want to bring home the crown of Camino Real League Champions but what is more important is to make the CIF Playoffs and bring home that championship. Mr. Murphy and his staff have worked hard to bring out the best in their players. The bench this year has been smaller but each player now plays harder and more competitive because there is no bench.

To see this team in action, is to see non stop live action all through the game. It is so live noone can predict what the outcome will be. Each of us strives for a degree of excellence, this year's Varsity Team work through the challenge and work toward excellence.

Our Lady Warriors are few in number but powerful in spirit. The past year has been a fair season. Each player's performance was filled with enormous excitement, leaving each one of the fans in suspense.

The team consists of nine players. There are three seniors: Stacie Drain, Kim Hall, and Michele Martinez; one junior: Patrice Hall; and five sophomores: Lisa Abalos, Rochelle Coatney, Elena Palacios, Gloria Sandoval and Erika White. The Head Coach is Mr. Santisteven, who is assisted by coach Yuki Hawkins. The manager is Jason Frierson.

Mr. Santisteven feels that a great potential is present among the ladies. Although the team is young an excellent future is seen by Mr. Santisteven. The strenuous obstacles conquered by the ladies helps bring about a mature and strong attitude towards themselves. Their long hard training was centered around the sole thought of victory. Superb sportsmanship is among the few elements they have been taught during training. In league their ratio was 3:2 and overall it was 7:10.

On the whole these ladies managed to keep fans interested and at the same time improve their skills. The team's concentration never ends because they find it beneficial to their future performances.

Sweat, muscle, stamina are some of the qualities that this team has. This is the second year in which the athletic department has had the soccer program. These young men and ladies have shown that they are fighters. Two of this years new additions to the team are Tiffany and Heather South. They are the only two female players on the team yet they play with the ego of men. The coaches, Mr. Conreras and Mr. Salazar, are two men that have tried to show their team some of the tactics that can be used on the field. Soccer is a game in which the players have to have a lot of endurance. It is a game that demands practice and dedication. Hopefully for the years to come it will evolve into one of Pius' best athletic program.

When most people think of golf they say golf is a recreational sport not a competitive sport. Many people would be very surprised to know that golf is one of the most competitive sports around.

This is Pius' second year in this sport. It is definitely a slow growing sport here on campus but with their new coach Mr. Cuthbertson we are going to see new things from this young team. Mr. "C" has been a golf enthusiast for years and is an accomplishment. He will be able to help this team move toward a championship year.

JV & VARSITY BASEBALL

As we say goodbye to Winter Season we begin to welcome spring activities in. With the help of Varsity coach Maghetti and J.V. coach Navarez the team is aided to having confidence on the field as well as off. Truly baseball is a sport of great skill, determination, and concentration. The young men of Pius X do not play just to win but for honors for our school, and for the competition. Due to their potentials and confidence it has helped them develop a unified team. The Varsity coach as well as J.V. coach are looking forward to a winning season. Their goals are to become a successful team in areas of academics, sportsmanship, and the desire to play well. With this years team they are striving to attain it all "through hard work on and off the field". The players practices are long and hard. This spring sport gives each player a chance to be an individual within the team. Throughout the season the young men will be striving to perfect their skills of base running, batting and each for main playing position. The 1988 baseball team will be one of the greatest.

The Warrior Ladies are trained under the supervision of Coach Santisteven and the young ladies find that they benefit from the strong competition that always accompanies this streneous sport. They train according to their weak points. The only way these ladies can overcome their difficulties is to meet them face to face. The team has found that through this training method the team can improve their future performances. If each one of these young ladies as an individual learns to improve their self esteem and self respect the team has achieved plenty.

This sport means a great deal to each young lady who is on the team. Their individual view of being on the team is centered around having an opportunity to mature as a person while gaining friends. The ladies support one another through cheering and advice. As perfection become easier to grasp confidence is heightened and winning attitudes emerge to their fullest.

The most essential part of any school is its Stu-ent Government. The Associated Student Body is he organ in which students can have a voice in olicies. These policies are what run the school.

The year's ASB, under Senior Jason Frierson, has rought a whole new look to the school. During the ummer Jason and his staff started to plan the year ut. Most of what we see is the hard work of this ssential staff and the efforts to make this an excit-ng year.

Planning Activities for an entire school year can e very difficult but the ASB Members were able to ccomplish most of their goals and ambitions. They vorked their hardest to make the school more en-oyable for the students this year.

Class Champs

Leadership, Dedication, school spirit and Pride all together help make up one thing- Class Officers. Each Class Officer is elected by his/her class mates at the end of the previous year. The Class Officers stay busy all year round by planning class activities. These activities include spirit week, picnics, dances, bakesales and other fund raisers. The purpose of the class officers is to provide leadership for the classes. They also help the students get their opinions across to the Administration. With the help of their moderators: (Senior) Mr. Santisteven, (Junior) Mrs. Horner, (Sophomore) Mr. Gunningham, (Freshmen) Miss Albano, and the over all leadership of Miss Gibbons and Miss Carfino, the class officers as well as the ASB members were very successful in all that they have planned.

PARENT ORGANIZATION BOARD

The parent organizations that compose our school help to make it a better place of learning for each and everyone of us. They are an important functional part of this or any school. Parents that are concerned with their child's education, work to make sure, they are given all the benefits they themselves did not get. Pius has several organizations in which parents of the school can become more involved. Each of these organizations reflects a different side of Pius' structure.

The Parent Board, which meets once a month on the first Wednesday, is there to help Fr. Milbauer and Mrs. Ives along with the Development Office to bring more revenue to the school. They do this by making contacts with businesses in and around the community of Downey. They work also to help bring more to the school so that it attrack more students to the school.

The Boosters of the athletic program is another support group in which parents can become involved with the school. It is designed for parents of the athletes but anyone with an interest can join this organization. Many of the past parents have come back to help. This is their way of giving something back to the school. These parents run the tickets, programs and souvenirs, the parking and the snack bar. The parents of the Booster Clubs realize that the students need much more than academics to make them well rounded persons. They realize that all of us need to release tension and the best way to do that is through athletics. This year's Booster Club wanted to be more of an assistance to the students. They offered to help ASB out with some of their events. The parents wanted to bring some of the pride and spirit they feel to the students. We thank them for all their help.

Each of these organizations are a necessity to our school. Without them the school could not survive very long. We owe a lot to the parents who show an interest in us, because they are trying to make this a better place for all of us to attend.

Committee Work Is Never Done

Three of the most active clubs around are campus are Homecoming committee, Prom committee, and the Interact Club.

The main function of the Homecoming committee is to help with the events during Homecoming week. One of the major events was a night rally held on Thursday of the Homecoming week.

The Prom committee is another club who's main function is to raise money, so the price of the bids for the students can go down. To do this they had a bakesell and also sponsored a dance. Along with this they will have more functions to reach their goal.

The Interact club is sponsored by the Rotary club of Downey and it is under the authority of Mrs. Ives, and she is assisted by the president of the club, Hazel Valdez. This group is known around the school for doing community work. Their services are greatly appreciated by those who've had the fortunate pleasure of being helped by the consideracy of these students.

Together these three clubs show a few ways students are able to execute their great pride to the school. Our school year is made more enjoyable and exciting because of the concern shown by these students through their participating in these organizations.

Spirit Wins Out

The most outgoing bunch of girls you have ever known, our very own Varsity Cheer. This year's squad has had such a great year. They have displayed an immense amount of spirited energy. They have gone through many hardships to fulfill their many accomplishments. They are responsible for our rallies, they help keep the student body fully spirited. We have much to thank them for.

This year's team has spent many long hours of practice, making their routines to almost perfection. They have organized various activities, that have proven that quality, and not size is the way to more spirit.

The pep squads are not just a bunch of girls that go on the field to yell but they are ladies that guide the spirit of pride among the crowd. This year's pep squads have shown unity by amounting to receive awards such as first place at summer camp competition and by receiving the spirit stick twice.

The "teamsters" have once again, placed a smile on your face. Night rallies, day rallies and spirit week are what these girls are made for. In this union there is no one better than the other, some may have special qualities that others may not have but together they form the 1987-88 Varsity Cheer, that brought pride to the school along with their athletes.

MUSIC DEPARTMENT One For All, All For One

Even though we are small there is loads of magnificent sounds coming from the area of senior square. In the past five years the Sarton Chorus has competed in the Loyola Marymount Music Festival. The Warrior Band has always been present at our game to bring support to the athletic events of the school. They also participate in the rallies held at the school before each event.

The Sarton and Beginning Chorus is a mixture of Freshmen, Sophomores, Juniors, and Seniors. Together they help each other to learn the basics and the more challenging pieces of music. They work hard so that each member can perform at his or her best ability. They also work hard so that each member can have a challenging opportunity.

The Warrior Band is a group that has a special talent in playing musical instruments. They work together to perform at their very best and to give the school their all. They help each other to have confidence in themselves. They also help each other so that each member can have a challenging opportunity.

GAA & LETTERMEN

Here at Pius, we have a variety of extra-curricular clubs on campus but among the many clubs. There are two clubs that stand out over the rest they are the Lettermen and GAA.

This year's Lettermen club consists of determined young men. The job of the lettermen is to promote leadership, school spirit and be of assists to the community. They strive for their goals and work to the best of their ability.

GAA is also included when we speak of highly accredited groups. The girls work at the game here at school, the CYO Programs, and serving the community at large.

The school can be truly proud of these organizations because of their commitment to the student body and the community we live in.

We Come To Serve

The most important function for this or any Christian organization is service. There are special clubs on campus that fulfill that special mission. The newly organized Campus Ministry and the NHS/CSF are oriented to this need of Christ, "to serve and not to be served." Each group is different in the way they express this idea of service to our fellow man.

The Campus Ministry works through the food drive at Thanksgiving, the toy drive at Christmas, the liturgies for both events, retreats for the classes, and the volunteers to Rancho Los Amigos Hospital. Mr. Cuthbertson with Edgar Aranda work hard to put more than just service but heart into everything this club does for the school.

NHS/CSF help to promote the educational side of our school. The students in this club work with fellow students as tutors, the Academic Decathlon, and there are special scholarships for these students when they graduate.

We are the servants of the Lord, we have a commitment to service, not only to our school but to our community. These organizations help to teach us, that we are all God's children and by using our special talents, which are given to us by God, we can accept any challenge of life.

Drama Club/Acting
Bio-Med/Physicans
Hispanic/Cultural

Among the many organizations at our school there are the Drama Club, Bio Med Club and the Hispanic Club, which not only require dedication but talent, interest and pride.

The Drama Club is led by Mr. Ball. To be a member of this organization, one must learn to strengthen his or her potential talents. This club gives students the opportunity to execute their various types of emotions which bring about a variety of characters that aid in the development of roles and productions they put on through the year.

Pupils in the Bio Med Club show interest in the physical care of others. Life saving and crucial emergency techniques are taught by the club's supervisor, Mr. Hamilton. A greater appreciation for life in general is one of the main purposes for this organization. A different approach is necessary and a main priority in making this club both interesting and successful.

The Hispanic Club is organized by Mr. Garrido. Having this club gives a chance for one to increase their knowledge about his or her heritage is made available. A greater pride and a more positive self-image is achieved through taking part and becoming involved in organizations such as this one. You learn about both cultural facts and events that have had an affect on history and refer to us today.

For the past several years our school has offered various ways for every student to become active and involved. The reputation of our school is a reflection of those students who choose to take advantage of one or more of the opportunities made available. Togetherness and the willingness to help is all our school needs to continue to have the same great pride we have now.

"Shy but sweet."

A fresh new start is what our J.V. Cheer team is all about. This year's squad is composed of all new members, yet they have shown their pride and good skills by a strong union with a parallel organization. This year's team is composed of both freshmen and sophomores, that are full of energy, pride, joy, and most of all determination. These young ladies have achieved such goals as; receiving the spirit stick at camp, and cheering along with Varsity Cheer at the games. They compose routines that display their coordination, dance skills, and sharpness. They have shown that school pride starts with oneself, and we would like to thank them for all their time and effort.

SWORD AND SHIELD NEWSPAPER

Dedication is the basis of both the Tiara and the Sword and Shield journalistic organizations. It takes hard work and a great deal of perseverance in order to make these two groups successful.

The Sword and Shield staff works hard. Mrs. Crammer, the adviser, feels her class consists of an excellent group of people. Although the high cost of printing results in the publishing of only five or six newspapers throughout the school year, these people have fun doing their work and enjoy learning basic journalistic skills. They set up fund raisers and sell advertisements to insure that the newspaper is an excellent source of information for the students of Pius X.

The Tiara staff is made up of six members. Ms. Gibbons is the adviser, to be a part of this organization one must be willing to sacrafice their time and also be willing to give their all to the making of the school's annual. Pressure and demands are easily overcome as the staff works together as a team.

The staff of both publications know they have committed themselves to important involvement with the school. Their obligation to the school is what keeps them enthusiastic about their work. Pride, creativity and dedication are the qualities such organizations must have in order to become a part of the school's spirit and help keep that tremendous spirit alive.

NOW AND FOREVER LUNCH BUNCH

Editha, I'll always remember you because of the great laughs we had together. I know you think I'm crazy and it's no secret that you're absolutely right! Take Care! keep smiling and laughing forever.

EDITHA VALDEZ

Stephanie, you've told me some pretty wild things and to this day I still can't figure out how you know so much. Thanks for your true friendship I'll never forget you! Behave!!!!

STEPHANIE VARGAS

Maria, I know according to you the whole world is fake but one thing is for sure our friendship is definetly not fake. Keep the faith, no matter what everyone else is listening to, continue to love only the fabulous jams. Best of luck to you.

MARIA ZAMARRIPA

Lina, I'm not so sure what will become of you but I hope you will find something to keep you happy. One thing is for sure and that's if you don't invite me to your wedding I'll shoot you and your whole little family (including Rudy)! Take Care.

LINA TELLEZ

Anna, If there's anyone in this world I don't really know too well but actually consider my friend is you. I definately want to hear about you in the future Good Luck to you and your adventures.

ANA CABRERA

Thanks to all of you for making my high school years so very special. I will always remember the times when we laughed until our tummies hurt. I'll miss seeing you all. Although we are all so very different we've been like family to one another. If for some reason we don't keep in touch I really do hope that in our hearts we will be together always. I'd just like to let you know that I love you all like sisters, and I wish to each one of you the best of luck in whatever you may do. Lunch Bunch forever!! Class of '88-

Sincerely your friend that loves you,

CONGRATULATIONS TO US ALL!!! Even though we had our ups and downs we always stayed friends, especially Chelle and Lisa we always get mad for the smallest things. Let's always remember all the good laughs at lunch time, like when Chelle thought she was gonna take a seat, but instead she wound up on the floor. When Roushawn was so hungry she just sat at the table and cried til' Lisa gave her some food. Last but not least Lisa always either trip, slip or fall. There's plenty more laughs that we had and some serious ones also. Nevertheless we will remain friends even if we don't see of each other as much, because there will always be a special place in each of our hearts.

Lisa and Mechelle,

Our high school days are over now, and you two are what Shaunny really call true and special friends. I want to thank you for your friendship and you guys really helped make the best of it. Good luck to the both of you in the future, because you both deserve it.

Love and Friendship Always,
Shaunny c/o '88'

Michael,

Well, we made it, and the good thing is we made it together. You will always have a special place in my heart even if things go wrong. I hope we will remain together as long as time will take us, because my feelings are very strong.
Well good luck to you and for us.

Love,
Roushawn

Mechelle and Roushawn,

Well, this it it!! We're considered adults now. Finally the day has come and there's somethings you don't want to leave behind and that's true friendship. You guys are so nice and trusten that I can never forget you. I'm really gonna miss you both, good luck and keep in touch.

Your Friend,
Lisa-Lisa

P.S I won the bet, so pay up!!!

To all the homies Portasha, Tamara, Kim, Marcus, Lamount, Shondale, Joseph, Terence, Antwinette, Tonya, Miesha, Lashawn, Tony, Michael and Angie GOOD LUCK

Roushawn and Lisa,

Well, here we are and we made it through together. Just because we're leaving Pius doesn't mean to let our friend go, so that means we can still go out together and act crazy (Lisa.) I can never forget you guys, because you were always there when I felt insecure. Good Luck to you both!!!

Friends forever,
Chelle

Ron,

Someone I love with all my heart and will stay with as long as time will take us. Through these long months we been through so much together and each day I love you more and more. I can't even imagine us not being together because our love is so strong. Thank you for being their when I need you because, Your just not my boyfriend your my lover and friend and I appreciate that, because in some relationships you can't talk to them as just their friend so thank you. I LOVE YOU!!!

Love,
Lisa

To.our niece, Nikki

You've almost made it to the top. Keep up with the good work of being the very best of your ability. We know you could do better, but you're doing enough in school to satisfy your family. We are proud of you, because you are doing what we never had the chance to do. You're setting a good example for the coming younger generation. You are also using your own mind in making the decisions you feel that are right. Keep up the good work in the years to come in doing your best.

Best Wishes
Love Always

To. Typhanye, Thara, and Teresa,

It has been a real pleasure knowing you guys for the last past three years. We have grown to be more than friends, but real close homegirls. We have been through hard times together. We have listened to each other problems, and tried to help solve them together. We've been there to comfort each other in the need of time, and you guys can depend on that.

You guys are my homegirls, and I hope nothing will change that. And you guys know I'll always be here when you need me. Together we make the 4 muskateers.

luv,

*To. Thara, Teresa, and Nikki b*k*a Ms. Sweeki*

Well hoes anther year we've made it thru. Next year will be the ultimate thing. But this year for the most part has been kool, except when we r in skool. Other than that, it has been live. I know in Freshmen and Sophomore years we all weren't close, but this year and next will make up for all of that time lost. You guyz r the livest frens that n-e-body ever had. We haven't been thru too much together-maybe all of that will change by the end of this year-but what we have been through so far will last a lifetime. And to think this was written only halfway thru the schoolyear, so we have alot to accomplish in the next year and a half. We still have to answer all the nigga's prayers from Los Angeles Some of Compton, and Long Beach. Sweekie remember New Years Eve- funny now but not too funny then. You know alot of stuff that nobody else in the world knows. I wanna thank u guys for bein there 4 me when i needed u.

luv your buddy
Typh

To. Typhanye, Nikki, and Teresa

*As you know e we've been "Home Girls for a long time. It's relly been since the ninth grade, and all of you seem to get better with time. We've been through alot about friendship, caring and how to make the best out of any situation. Even though we sometimes didn't see eye to eye, we still stayed friends. And that's the important part. I want to thank you all for being there when I needed a friend, you really helped me alot, and each one of you are special to me. I love you all. These past three years here at Pius have been the best and they were only possible because you all were a part of them. No Matter what you will always be my "Ace Home Girls". Thanks for the good times: Nikki B*k*a "ms. Sweekie", Teresa B*K*A "Ms. Gigglrs", and last but not least Typhany e B*K*A "Typh".*

luv always,
Thara

To. Nikki, Typhanye, and Thara

*What's up Homegirls. The year is almost over here at Pius x high school. It's been fun. We've been together for a long time just kick'n it and all that stuff. Thara you know we've been through alot whether it was down'n the juice, throwing the dogs or clocking the hoes. There's been breaking up and make-ups all the while I've known you three. We've had fun with Ms. Dimples b*k*a Thara, Ms. Sweekie b*k*a Nikki, and Ms. Typh b*k*a Typhane. It's been an adventure all these three years. Whether it was the caddi, the 5.0's, or the bucket. Running red lights was lots of fun until the policeman came with his gun. The apartment on Holly street was also fun, but "Top Dealing" was there number one. Take it easy.*

luv ya

ESMI RAMIREZ

LETICIA,
I'm glad I met you freshman year., and I'm glad we stayed together through everything. I hope all our plans work out exactly the way we planned them. There are alot of things I would like to go back and re-do in my life, but this relationship with you is one thing I would never change. I LOVE YOU,

LOVE TIM

TIM CATLETT

I'd like to thank my best friends, & Parents. You all have been really good to me. Thanx for always being there and for all the advice and help. I'd also like to thank my special friend Jason for understanding and for being there for me. I Love All You Guys and I'm going to miss all my close friends. Good Luck to Sean, Toure, William, Anthony, Rosa, & Mechelle.

LINDA MONTEMAYOR

Congratulations to Class of "88"
Love LINDA
I would like to thank my parents for the love and patience they have given me. To my sister Lisa, thanks for being so wonderful I always love you. To the Bratz: Thanks for all the good times we've shared, I'll never forget them. I'll miss you all. To Monica: You'll always have a special place in my heart and in my life. Thanks for the memories. To Julie: Thanks for holding on to our friendship when times were rough. I'll never forget you.

LOVE & FRIENDSHIP,
DEBBIE

DEBBIE ARANDA

Congratulations, Jamie, and good luck.
May you have the success in the years to come, may
God bless you and grant that all your dreams come true.
We Love you always,
Mom and Dionne

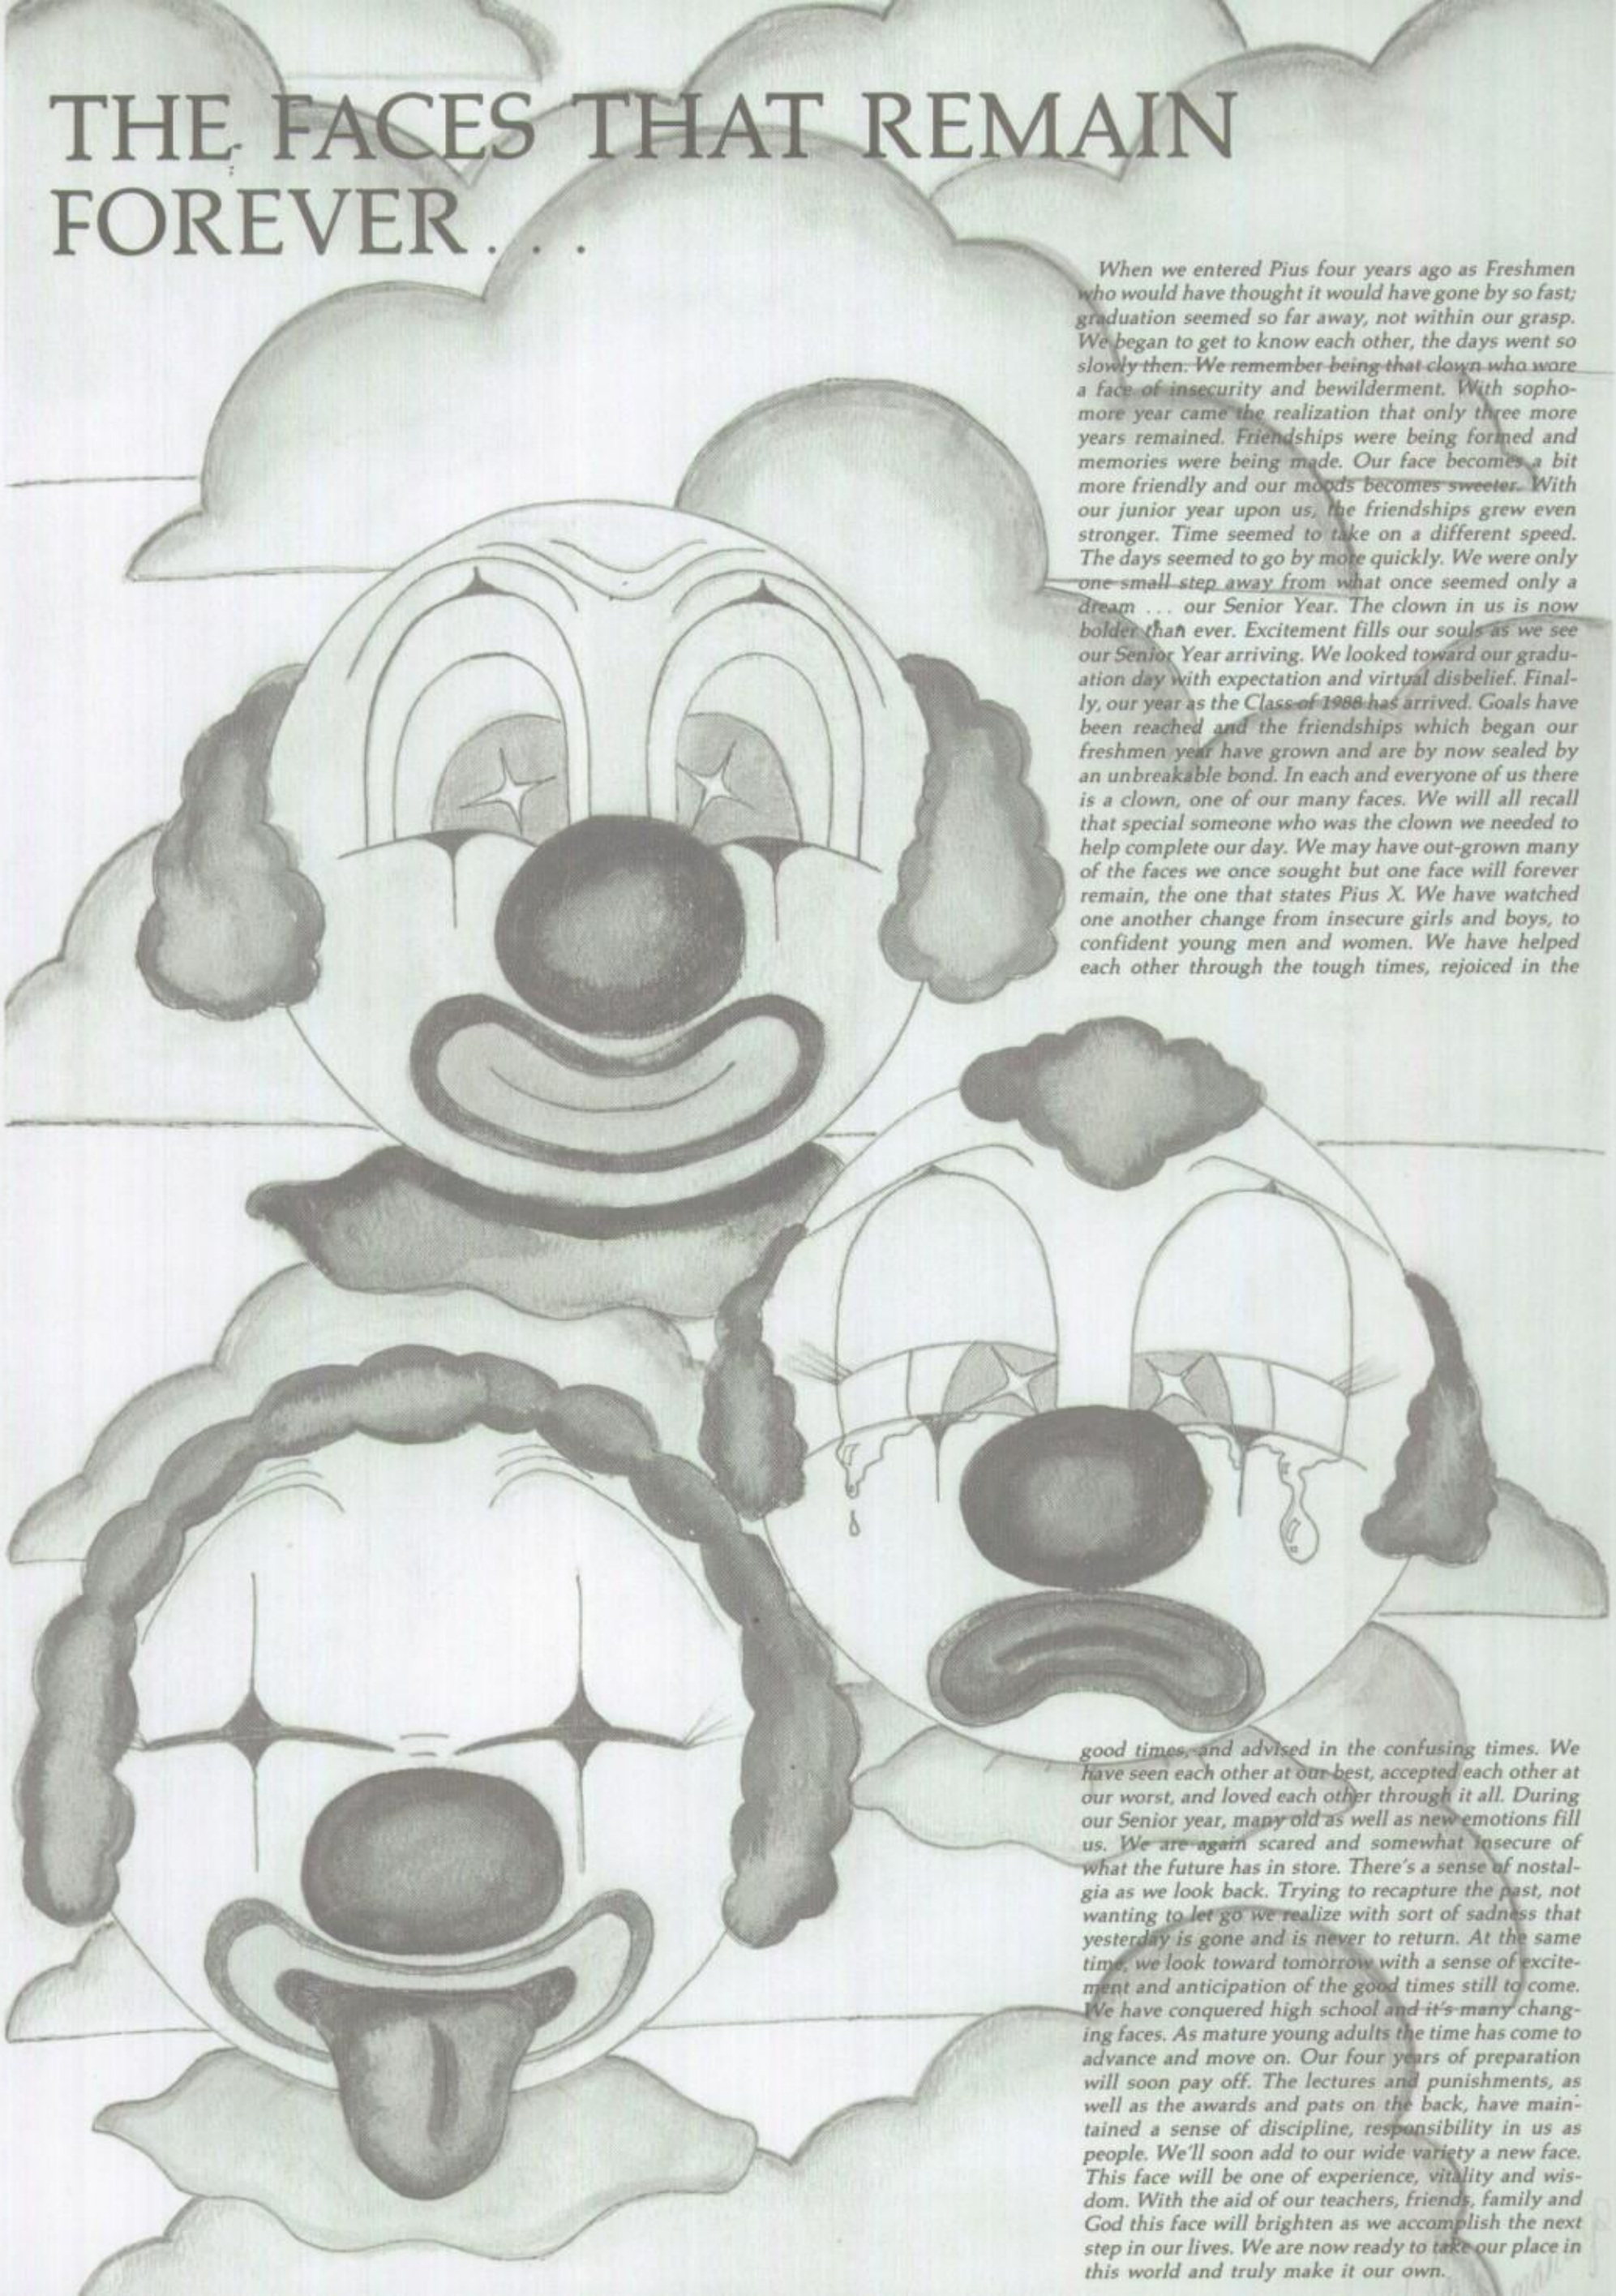
THE FACES THAT REMAIN FOREVER . . .



When we entered Pius four years ago as Freshmen who would have thought it would have gone by so fast; graduation seemed so far away, not within our grasp. We began to get to know each other, the days went so slowly then. We remember being that clown who wore a face of insecurity and bewilderment. With sophomore year came the realization that only three more years remained. Friendships were being formed and memories were being made. Our face becomes a bit more friendly and our moods becomes sweeter. With our junior year upon us, the friendships grew even stronger. Time seemed to take on a different speed. The days seemed to go by more quickly. We were only one small step away from what once seemed only a dream . . . our Senior Year. The clown in us is now bolder than ever. Excitement fills our souls as we see our Senior Year arriving. We looked toward our graduation day with expectation and virtual disbelief. Finally, our year as the Class of 1988 has arrived. Goals have been reached and the friendships which began our freshmen year have grown and are by now sealed by an unbreakable bond. In each and everyone of us there is a clown, one of our many faces. We will all recall that special someone who was the clown we needed to help complete our day. We may have out-grown many of the faces we once sought but one face will forever remain, the one that states Pius X. We have watched one another change from insecure girls and boys, to confident young men and women. We have helped each other through the tough times, rejoiced in the good times, and advised in the confusing times. We have seen each other at our best, accepted each other at our worst, and loved each other through it all. During our Senior year, many old as well as new emotions fill us. We are again scared and somewhat insecure of what the future has in store. There's a sense of nostalgia as we look back. Trying to recapture the past, not wanting to let go we realize with sort of sadness that yesterday is gone and is never to return. At the same time, we look toward tomorrow with a sense of excitement and anticipation of the good times still to come. We have conquered high school and it's many changing faces. As mature young adults the time has come to advance and move on. Our four years of preparation will soon pay off. The lectures and punishments, as well as the awards and pats on the back, have maintained a sense of discipline, responsibility in us as people. We'll soon add to our wide variety a new face. This face will be one of experience, vitality and wisdom. With the aid of our teachers, friends, family and God this face will brighten as we accomplish the next step in our lives. We are now ready to take our place in this world and truly make it our own.

CLASS OF 90

Dear Belen,

Hi "Mi Chiquita Linda" how are you. Well this is the end of the year and I want to let you know that to me it is something special having you as a friend, when you first moved in, in my neighborhood, I would of never immagined that we could someday become the friends that we are now. I know that when ever I am in trouble or need someone to talk too I know I can count on you and I hope you feel the same way about me. if not I want to let you know that if you ever feel like talking to anyone or need anything you can always count on me, and you can bet your life I'll always be there for you when ever you need anyone.

It's funny but I never recall ever getting into a fight w/you. I hope that things can continue that way and never get into fights. Your the type of friend that I will always treasure forever and I hope and I really

Belen,

Hello my Friend, well at least I think your my friend or are you not. Well anyways, Hope to see you next year w/that same smile and your enthusiastic attitude. Make sure you have fun in the summer with your boyfriend and don't give him a hard time because you tend to get really crazy in Spanish class, so leave him alone.

Your Friend,
Nelson-Amanda

Belen,

The year is finally to an end. I'm really glad I got the chance to meet you 'cause you're a real sweet, cute, & nice person to know. I hope we can continue being friends in the years to come. Have a cool summer. I'll miss you're cute lil smile and especially you.

Beler,
It's been a good year and it's finally over. I hope to see you over the summer during your cheerleading training. I hope you the best of luck in all you do. You're a sweet person and stay that way. Don't forget about me in the summer and call. Have fun and give a glad picture of yourself and I'll give you some of my pictures. You look cute + in your uniform if you don't mind me saying. Love, Kalpesh.

CONT. I wish from the bottom of my heart that our friendship never ends and I'll try my best that that would never happen. Well I'm taking too much room so I better let you go, besides I'll see you this summer practically everyday. So have a wonderful summer and don't party without me!!!

Love Always

Ana
